WILDWING POOL RULES AND REGULATIONS

Welcome to the WildWing pool. This facility is owned by the Wildwing Community Association (HOA), which is essentially you and your neighbors – the residents of WildWing. The facility is one to be very proud of and to enjoy for many years to come. Please, make yourself at home and treat it as your own. We ask that you also care for it as your own, by using it responsibly and expecting others to do the same. It is the responsibility of every resident to know and abide by the rules and regulations for use of this facility. Members, on behalf of their family members, caregivers, tenants and guests, understand and agree to abide by all pool rules, all local, state and federal laws and ordinances while using the Pool Facility. Failure to comply with these rules will result in forfeiture of the Members use of the Pool Facility.

Owners are asked to monitor behavior at the Pool Facility. If you see something which violates pool rules and regulations, you are expected to speak up! If the issue is unable to be resolved, please contact HOA Management via the information below.

HOA Management reserves the right to enter the Pool Facility and terminate any function if the conduct of a resident or their family member, caregiver, tenant or guest, endangers the health, safety or welfare of any person, constitutes a threat to the property, violates any city law or ordinance, or reasonably interferes with the peace and enjoyment of members and neighbors of the pool facility.

Pool rules are subject to periodic revision. The HOA is concerned for the safety and enjoyment of all pool users. Rules and regulations are intended to promote an enjoyable and safe facility. If you have any questions or suggestions about the pool please contact your HOA Manager, Pamela Coleman at Advance HOA Management.
